

# International Academy of Mini Dental Implants

## PRESS RELEASE

**FOR IMMEDIATE RELEASE**

### **International Academy of Mini Dental Implants Announces Diplomat' Status Achievement**

**Buffalo, New York — November 21-November 22, 2024** — The International Academy of Mini Dental Implants (IAMDI) is pleased to announce that Russell Sassack D.D.S. has achieved the esteemed status of Diplomat' within the Academy. This prestigious recognition highlights his outstanding contributions to the field of Mini Dental Implants and his dedication to advancing the science and practice of implantology.

The Diplomat' designation is a hallmark of excellence, awarded to individuals who have demonstrated exceptional skill, knowledge, and leadership in One piece dental implant technology. Achieving this status reflects their commitment to the highest standards of clinical practice, education, and research.

#### **Key Highlights of the Diplomat' Achievement:**

- **Exemplary Clinical Expertise:** Diplomat' status is awarded to individuals who have shown a superior level of expertise in One piece dental implant procedures, contributing to improved patient outcomes and advancements in the field.
- **Leadership in Education:** The Diplomat's have been instrumental in shaping educational programs, sharing their knowledge and experience through seminars, workshops, and mentorship.
- **Global Influence:** These professionals have made significant contributions to the global community by collaborating with peers across borders and fostering international dialogue on best practices in One piece dental implantology.

#### **About IAMDI:**

The International Academy of Mini Dental Implants is a premier professional organization dedicated to the advancement of One piece dental implant technology. Committed to fostering excellence in implantology through education, research, and clinical practice, IAMDI brings together top professionals from around the world to drive innovation and improve patient care.
